SARMAND JUTYAR BABANI Came from Australia, Neuropathy Treatment

Two years ago, I was diagnosed with lower disc issues. Treatment options ranged from physiotherapy to pills. It only provided short alleviation. After considerable investigation, I discovered that India offers stem cell therapy. Upon my arrival, I began receiving medical care. I'm relieved, and I hope it lasts.

PATIENT STORY

MOHAMMAD ANAS Came from Dubai for Diabetes Mellitus & Neuropathy Treatment

I live in Dubai, I visited India for Stem Cell therapy. I was diagnosed with Diabetes and Neurotic troubles. I went from one treatment to another in search for an effective treatment, but was disappointed every time. I'm satisfied with the stem cell therapy at SCCI so far and await positive and better results in the future as well.

HAPPY PATIENTS

SAMI MOHAMMAD ALFARAJ came from Kuwait to India for Type 2 Diabetes

Latest researches have revealed that Umbilical Cord Mesenchymal Stem Cells can differentiate into nerve cells, neovascularise (formation of blood vessels) immunomodulation when injected into the affected area, thereby improving symptoms and prolonging lives. Steroids and other disease modifying drugs cannot cure all the symptoms and are essentially aimed at managing only specific symptoms. Again, the concern of the critical side effects of drugs is present. With MSC treatment, there is no such concern.

In StemCellCareIndia, abounding network of hospitals offer diabetes stem cell treatment hospital these utilize unique technology of Mesenchymal stem cells extracted from Wharton's jelly (WJ) for treating MS. WJ-MSCs offers cost-effective and pain-free collection method that may be cryogenically stored, and is extremely favorable for tissue engineering purpose. They might help in the three prominent ways, prevent damage, repair damage and develop new medicines

OUTCOME NEUROPATHY PATIENTS

Anshu Bharti

32 years, New Delhi, 2020

I am very thankful to all the doctors and the complete team of Stem Cell Care India for providing me with such a great opportunity for stem cell therapy for neuropathy in India. My pain has decreased to a great extent and as per the last diagnosis, my recovery speed has increased. I would like to recommend this treatment to every person in need and say that it is less painful and makes one feel secure and better. Also, supportive therapies are a great add-on too.

Rolf Honegger

43 years, Zürich, 2022

I was looking for a stem cell treatment center in India and I found this. Stem Cell Care India was a great clinic as it proved to me its specializations in natural and non-surgical stem cell treatment. Their treatments stimulate the body's natural healing processes for building and repairing damaged cells, which in turn helps your body restore itself. They have over years of experience and have treated patients from various countries. I thank their staff for taking such sweet care of me during the treatment and also doctors who helped me understand the working of treatment to assure me that this is the most reliable method.

Marco Wurfel

57 years, Nürnberg, 2021

I'm so thankful for stem cell treatment for neuropathy in India. I had suffered from severe neuropathic pain for multiple years now and nothing worked to help me recover from this suffering. I was almost ready to give up when I heard about stem cell therapy. The treatment has been amazing and I'm finally able to take a breath of relief. In fact, I feel a lot better than before!

Urfa Siddiqui

28 years, Canada, 2022

I was looking for a stem cell treatment center in India, and I found this Stem Cell Care India in India was a great clinic as it proved to me its specializations in natural and non-surgical stem cell treatment. Their treatments stimulate the body's biological healing processes for building and repairing damaged cells, which in turn helps your body restore itself. They have over years of experience and have treated patients from various countries. I thank their staff for taking such sweet care of me during the treatment and the doctors who helped me understand the working of therapy to assure me that this is the most reliable method.

Anjali Singh

28 years, Canada, 2022

I'm so glad I visited India for stem cell treatment for neuropathy. I had suffered from severe neuropathic pain for multiple years now, and nothing worked to help me recover from this suffering. I was almost ready to give up when I heard about stem cell therapy. The treatment has been amazing, and I'm finally able to take a breath of relief.

Charles

55 years, New Zealand, 2021

I am Charles from New Zealand. At the age of forty, I was detected with knee disease. It was very painful for me, and I didn't know where and how to find the best hospitals for my treatment. Then one of my friends suggested me to go through stem cell therapy in India. After lots of study and research, I came across Stem Cell Care India. After the treatment, I can experience a lot of improvement in my condition.

Jorge Mendes

28 years, Portugal, 2022

Hi, I am Jorge from Portugal. I am very thankful to all the doctors and the complete SCCI, team for providing me with such an excellent opportunity for stem cell therapy for neuropathy in India. My pain has decreased to a great extent, and as per the last diagnosis, my recovery speed has increased. I would like to recommend this treatment to every person in need and say that it is less painful and makes one feel secure and better.

PATIENT TESTIMONIALS
