

HAPPY SPINAL CORD PATIENTS

OVERVIEW

Any damage to the spinal cord is termed as spinal cord injury. It's a very serious condition which can lead to physical trauma that's likely to have a lasting and major impact on most aspects of daily life.

The spinal cord is responsible for sending messages from the brain to all parts of the body, and from the body to the brain

DR. CHANDRA MATHANKAR

came from Punjab for Spondylosis of Spine and Diabetes

The medicine we have prioritises stem cell therapy for a healthier and longer life. We will make every effort to assist you and make your journey as enjoyable as possible. The healthcare staff will guide you through a patient assessment process during which you will receive detailed updates about stem cell treatment, surgical outcomes, and possible side effects. During your counselling session, you will be given some health tests in preparation for a check of your medical history.

The clinical phase will be carried out under the supervision of healthcare professionals, and a highly dedicated team of doctors, patient advisors, and nurses will be on hand to assist you. Stem Cell Treatment India has a large network of some of India's strongest stem cell clinics, in addition to professional experience. We also offer hotel booking, local transport, and visa assistance to our outstation patients. We make sure that all of your questions, concerns, and problems are addressed in order to make you feel more comfortable and at ease.

REETU NAIN

came from Delhi, India for Spinal Cord Injury Treatment

The use of stem cells to treat spinal cord injury holds a lot of promise. The use of stem cells to cure spinal cord injury has been thoroughly researched in both animal models and humans. It focuses on restoring dead or damaged cells and promoting axonal growth and remyelination of axons for spinal cord treatment. The cells migrate to the damaged area to start the healing process. They stimulate angiogenesis and suppress neuronal degeneration by activating trophic factors. These are the factors that help in the activation and recruiting of dormant cells to the injured region.

The creation of intact neural circuits that allow functional regeneration has been shown in experimental models of stem cell therapy for spinal cord injuries. They also modulate the immune system, cause inhibitory scars in the spinal cord to degrade, remove cell waste, and protect nerves after a spinal cord injury.

Treatment for spinal cord injuries reduces the likelihood of infection within six months of the injury. Spinal cord injury stem cell therapy helped neuroprotection and neuroregeneration by promoting the forming of new synapses and axonal sprouting, which helps in the formation of new neurons for growth. In certain cases, we use stem cell therapy for spinal cord injury to help the underlying tissues develop angiogenesis and neuroprotection.

KIPA NAKUP

came from Arunachal Pradesh for Hip Osteoarthritis

Hi, I am Tani Kipa. I am brother of Nakup Kipa who is undergoing stem cell therapy in India. We are from Arunachal Pradesh. Nikup's problem started around thirty years back when he was in school. He started facing some issues while riding his bicycle at that time. We were not aware much about the treatment, so we gave him basic clinical treatment and he carried on with his life. When he was 20 in 2018 during his service, he had to walk a lot because of the nature of his job as he used to visit different sites. He then started experiencing some pain in his right hip. He then went through MRIs and other test and the orthopedician detected him with osteoarthritis. The team of doctors suggested him to opt for total hip replacement. We did a lot of research on various treatment choices and then came to know about stem cell therapy. After a few consultations with the crew of SCCI, we decided to opt for stem cell treatment via SCCI. We have come here and we were satisfied with the way they handled our case. Hope my brother gets well soon and we are quite positive about it.

KHAJA MOHAN

Came from Telengana for Spinal Cord Injury Treatment

Hi, I am Agaldiviti and my father is Khaja Mohan from Telengana. My father has been suffering from spinal cord injury since some years. We went to a lot of places for his treatment but all our efforts went in vain. He was not able to get healed as no doctor gave as a correct and suitable recommendation for his treatment. After trying a lot, we resorted to read about stem cell therapy via internet. After a lot of exploration we found out Stem Cell Care India. We took him to SCCI to get stem cell treatment. After undergoing the treatment, my father is feeling a lot more fine and better. We are very happy and contended with the treatment that has been given to us. The staff was very cooperative and we would recommend the name of Stem Cell Care India to all our near and dear ones. Thanks team a lot for curing my dad.

J. D. EVAINS

from USA for Ankylosing Spondylitis Treatment

Hi, I am JD Evains from USA and I came to India for ankylosing spondylitis stem cell treatment. I am an oil and gas engineer. I was suffering from this ailment since quite some time i.e. about from 10 years. Basically, my hips and mid back was most affected and sometimes knees as well. I was getting very dejected. I also had some neck issues. I then decided to opt for stem cell treatment for my concerns. I opted for Stem Cell Care India in Delhi. After the treatment, I was quite happy and experienced a lot of relief from my pain. My joints, which earlier used to be quite painful, are now normal. The staff at this hospital is also very friendly and supportive. They didn't let me feel that I am from a different country. I am thankful to Stem Cell Care India for such a positive dealing.

MR. MARIADHASS BARNABAS

Came from Tamilnadu for Spinal cord Injury & Motor Neurone Disease Treatment

Hi, my father's name is Mr. Mariadhass Barnabas. We are from the state of Tamil Nadu. He was suffering from spinal cord injury and also motor neuron disease. He was also detected with multiple sclerosis disease some 4 years back. My father was in deep pain because of all of these problems. His life has been very tough. I, being his son, decided to do something to cure all his problems, I had heard about the stem cell therapy and its miraculous effects. So, I started searching on the internet and after a rigorous research, I found that Stem Cell Care India is the best place to get stem cell treatment. The stem cell surgery of my father at Sarvodya hospital went very good and we are just waiting for the improvements to show up as soon as possible. We are satisfied with the treatment and the staff of the hospital. The staff assisted us in a very cooperative and good manner. They offered us all the vital facilities and accommodation they arranged for was also very nice.

PUSHKAR SHAMSHER

came Nepal for Avascular Necrosis of Femoral Head Bilaterally Treatment

My kidneys have been acting up for quite some time now. Urethritis with difficulty urinating. I've been taking medication for a long time, and it seems to have damaged my hip bone. For the last two years, I've had a problem with my hip. An orthopaedic doctor performed an injection-based operation on me. My sister told me about stem cell therapy, and I decided to give it a try. I'm glad I did since it was a positive experience

PATIENT SHARE HER EXPERIENCE AFTER STEM CELL THERAPY FOR HEREDITARY SPASTIC PARAPLEGIA

“MY NAME IS LIANE BOSSHART. I HAVE SINCE CALLED HEREDITARY SPASTIC PARAPLEGIA PARALYSIS. AND I HEAR FROM THIS CLINIC THAT HE CAN HELP ME HERE IN THIS CLINIC. AND NOW, I'M HERE. SO, IT'S A MOMENT. I FEEL VERY GOOD. IT WAS THE TREATMENT WAS FOR ME THE BEST AND IT. I RECEIVED VERY GOOD SUPPORT. MY FEELINGS, MY CONDITION, AND MY COMPLAINTS WERE TAKEN INTO ACCOUNT. I RECEIVED ENOUGH INFORMATION ABOUT THIS TREATMENT

AND I FELT NO PAIN. I TOLERATED THIS TREATMENT VERY WELL. I HAD NONE. SIDE EFFECTS, SIDE EFFECTS AND YES, I CAN HIGHLY RECOMMEND IT

HAS NO STOPPING POINT. SO IT WILL. AND THAT. ULTIMATELY YOU END UP IN A WHEELCHAIR.. I HAVE THIS GENERAL TREATMENT IN SWITZERLAND. THAT IS. THESE ARE INJECTIONS WITH BOTOX MEDICATION THAT TAKE AWAY MY SPASTICITY.

I CAN ALSO TELL YOU ABOUT RUSSIA. YES, I ALSO RECEIVED MEDICINE FROM RUSSIA. THAT HELPED ME A BIT TOO. BUT THE DISEASE, OF COURSE, HAS A PROGRESSIVE COURSE. AND HERE I AM TRYING AGAIN TO IMPROVE, TO ACHIEVE AN IMPROVEMENT.

SO MY EXPERIENCE WAS THAT I RECEIVED VERY GOOD SUPPORT.

UM, YES, INFORMATION ABOUT MY ILLNESS AND HOW I CAN CONTINUE TO DEAL WITH THIS ILLNESS AT HOME. I HAVE BEEN GIVEN MEDICATION AND I HOPE THAT EVERYTHING WILL GO AWAY NOW AND THAT THIS DISEASE IN PARTICULAR WILL STAY AT A CERTAIN STAGE FOR A LONGER PERIOD.

I DIDN'T FEEL ANY PAIN DURING THIS INJECTION, OR AFTERWARD. SO I DIDN'T FEEL ANY PAIN. IT WAS PAINLESS FOR ME. THIS. THIS, THIS INJECTION. I THINK SO.

PATIENT SHARE HIS EXPERIENCE AFTER STEM CELL THERAPY FOR GLOBAL CHRONIC HYPERTENSION WITH THE RIGHT KNEE OSTEOARTHRITIS

“YEAH, SIR, I'M A RESIDENT OF OMAN BRITISH CITIZEN. THE REASON FOR COMING TO DO STEM CELL THERAPY WAS I HAVE HYPERTENSION FOR THE LAST 23 25 YEARS, I'M ON MEDICATION FOR THAT. AND I'VE ALSO GOT HAD A RIGHT KNEE ACL REPLACEMENT, BUT THE OLD TYPE, NOT KEYHOLE SURGERY. SO IT'S VERY STIFF. AND IT'S ALSO GOT STAGE TWO ARTHRITIS IN. SO I KNOW I HAVE DAMAGE TO THE LIGAMENT TO THE CARTILAGE WITHIN THAT. SO I AIMED TO COME AND TO DO SOME PREVENTATIVE. SO RATHER THAN THE LATEST STAGES, DO SOMETHING, I THOUGHT I'D COME IN EARLY. WHILE I'M STILL IN FAIRLY GOOD HEALTH, I WOULD GO AND DO SOME WORK TO IMPROVE MY BASIC FUNCTION IN MY KNEE AND ALSO TO IMPROVE ANYTHING I COULD ON THE HYPERTENSION SIDE OF THE HEART. SO I'M 52 YEARS OLD. AND HOPEFULLY, THIS WILL BE THE START OF SOMETHING GOOD FOR THE NEXT. NEXT, IT'S BEEN VERY RELAXED, AND VERY THOROUGH. THE KNOWLEDGE OF THE PEOPLE IS VERY GOOD. AND ALL THE QUESTIONS HAVE BEEN ANSWERED. AND I'M AN ENGINEER AS WELL. SO I LIKE LOTS OF INFORMATION. SO IN TERMS OF THAT, WE RESEARCHED MANY DIFFERENT PLACES TO COME AND SORT OF MADE A DECISION BASED ON LOOKING AROUND ALL THE REST OF THE PLACES TO SEE WHAT COULD BE DONE. THANK YOU. SO OKAY,

PATIENT FROM USA. SHARE HIS EXPERIENCE AFTER STEM CELL THERAPY FOR SLAP RIGHT SHOULDER ALONG WITH OA BOTH KNEE JOINTS

“ I'm from the US and I've been having a SLAP tear in my shoulder and so I got diagnosed felt two months ago. But I've been having the pain for 20 years and so I came here to get stem cell therapy and my shoulder to help relieve the OR to repair the tear. I also have some pain in my knees over the last two years just from working out, and so I also decided to get stem cell therapy also my knee, so, I just googled online about stem cells. It became popular recently in America and Japan. So in the last three years I've been hearing a lot about stem cells. So did some research and then came dedication to India. And then I googled Stem Cell Care Centre in India and I found the Care Care India. Communication was great and my time here has been great as well. Yeah, real quick, convenient, easy. We went well.

Isaac

34 years old, Canada, 2017

I was battling with spinal cord injury from last 1 year. After the stem cell treatment with SCCI, I was able to stand on my right leg without a brace and walk. My pain level dropped between a 10 down to a 6.

Richie

29 years old, Kenya, 2018

I am thankful to the team of SCCI for supporting me so well in my stem cell treatment in India to cure my spinal cord injury. The circulation in my legs and my balance is better. I can carry things while walking with a stroller.

Charlie

41 years old, Canada, 2019

The stem cell treatment with SCCI experience has changed my life in a better way. I am more comfortable driving. I can walk barefoot on my right leg without any braces now.

Carrie

30 years old, US, 2016

When Carrie was diagnosed with an SCI; she realized that she might have to prepare herself for adjusting to a lifestyle on the wheelchair. However, when she came to India for the stem cell treatment with SCCI, she had an eye-opening experience and was very contented with this treatment.

Mohd. Kaif

34 years old, Bangladesh, 2020

Mohd. Kaif suffered a T-8 complete spinal cord injury about 4 years ago. He is now at SCCI undergoing comprehensive courses of stem cell therapy that comprises intravenous injections of his own bone marrow-derived stem cells and mesenchymal stem cells.

PATIENT STORIES

Mohammad Usman Khan

28 years old, Haryana, India, 2021

I discovered about Viezec via an internet search, at the time I was dealing with immobility. I fell from 70-75 feet above the ground in 2018 and remained motionless since. When I learned about stem cell therapy by Viezec, it was a ray of hope for me. I'm satisfied with the level of treatment provided. Additionally, physiotherapy, electrical simulation, hydrotherapy, and more were provided to those receiving stem cell treatment. Service quality is excellent, there are 24/7 nursing attendants on duty, and the food is also of high quality. For anybody seeking a profitable treatment alternative, I would totally suggest them.

Ursala Buffy

44 years old, London, 2022

Hi, I am Ursala, and I was looking for a stem cell treatment for my spinal cord injury. My friend recommended that I should try Viezec Stem Cell Institute. They gave me their best doctor, who provided me with an easy-to-follow treatment plan, and I saw a massive difference in my pain levels and mobility. Their stem cell treatment for spinal cord injury uses the highest quality stem cells, so I know I'm safe

Mathew

42 years old, South Africa, 2021

I am father of Mathew wade from South Africa, he was a healthy man 5 year ago and suddenly he got a series accident while traveling through car for some business visit and suffers from Spinal Cord injury. I was searching on internet for the treatment of spinal cord surgery in India and found StemCellCareIndia while searching. SCCI Stem cell therapy team helped us to get the advantage of stem cell therapy and now I am very happy and can go anywhere without any help. Hospital are well equipped and Dr. are very knowledgeable.

PATIENT STORIES

Farid Ahmad

49 years old, Pakistan, 2021

I am Farid Ahmad from Pakistan 49 years old person suffering from Spinal cord 2 years back and contacted to all the best possible Doctor in Pakistan but there is no relief and my brother contacted to StemCellCareIndia team for the same. Doctor are well experience in stem cell therapy and management coordination is very good from the date of inquiry to till the treatment done. I am very happy after the treatment.

Jacob Mark

41 years old, UK, 2022

I am Jacob Mark. Regrettably, I underwent a serious injury that causes my spinal cord to smash. However, with the StemCellCareIndia's treatment, I started leaving a healthy and happy life in a few days!

Tammy

34 years old, UK, 2020

We were driving home from my 23rd birthday party when the chauffeur took a curve too speedily and lost control of the car. The car twirled around, crushed and landed on its roof. I was sitting in the commuter's seat and was not wearing a seatbelt.

Myrtle Sharp

30 years old, Scotland, 2022

I recently had a problem with my back and I was in a lot of pain. I got a recommendation for stem cell treatment for the spinal cord and decided to give it a shot. I got the treatment done and I have to say that my pain is gone. I feel so much better! It was much less painful than I thought it would be, the doctors were highly professional and the staff was very caring too. I would recommend them to anyone who needs stem cell treatment.

PATIENT STORIES

Patrik

28 years old, Singapur, 2021

Patrik is a 28 year old man. At the age of 14 he faced an accident and since then he has been on a wheel chair. He was detected with severe spinal cord injury. His parents brought her to India for the Stem Cell Treatment to help with his condition. He received the stem cell treatment for her Spinal Cord Injury via Stem Cell Care India. To him, ascertaining this treatment has given a hope again. He did not anticipate himself to be able to go through this condition, but now after the treatment he is recuperating amazingly. So as to maximize the utilization rate of these cells and elicit the use of the patient's muscles, Patrik also had gone through sessions of rehabilitation and Physiotherapy. Following the treatment, he experienced more strength in the movements of his legs. Furthermore, he observes more sensation, an improved balance and also massive improvement in his core muscles..

Natalie

30 years old, Ohio, 2022

I was looking for a stem cell treatment for my spinal cord injury and my friend recommended I try Stem Cell Care India. They gave me their best doctor, who provided me with an easy-to-follow treatment plan and I saw a huge difference in my pain levels and mobility. Their stem cell treatment for spinal cord injury uses the highest quality stem cells so I know I'm safe.!

Charlie Melhao's

08 years old, AUstralia, 2022

At the age of 2, Charlie Meloha's life took a dramatic twist when he got into a diving mishap while swimming. He belongs to Australia. After the accident, he was left with a T12 Spinal Cord injury where he has entirely lost all voluntary movements in his lower limbs. Whilst in hunt of any treatment that could support him, Charlie heard about Stem Cell Care India's stem cell treatment from his friend, who is also living with spinal cord injury and has received treatment with us before. As per his friend's recommendation, Charlie decided to come to India. As a part of his treatment protocol, he had gone through stem cell treatment, regenerative cell injections via IV and Lumbar Puncture, Physiotherapy and Occupational Therapy. Following the treatment, he enjoyed massive improvement- from recuperating muscle mass, sensation, power and an improved control over his bladder.
